Coaching: Sally Eldridge has now completed her Level 2 coaching requirements and has been signed off by Pat Cropper. Sally had recently attended a movement fundamentals clinic at Lyng Hall School with Sphinx AC.

Discussions with Katherine Taylor about assisting with javelin coaching at the Club are ongoing.

Dave Dix has offered to organise and promote First Aid courses for the Club's coaches. This offer has been gratefully accepted.

Concerns have again been expressed at the way the conditioning facility is being used and the state in which it is left after use. The procedures for use were not being adhered to albeit that misuse was generally by only a few users. The problems were discussed in depth and some radical action were suggested. It was agreed that users would be called together on a Tuesday (date to be decided) and spoken to on the matter. Agenda item for

the June meeting. The Chairman (AB) would produce a poster for this and display it as appropriate.

Officials: Concerns were expressed about some of the cover for some of the forthcoming meetings. This is due to Club fixture commitments on the same day and non availability of officials due to other calls on their time.

Working Party Reports: May Day 5 – The event was successful with over 100 entries on the day and 157 finishers. With the final figures still to be decided it looked as if there would be a good surplus for the Club. There was one incident at the event in which Bob Statham (course measurer) came off his bicycle and broke his collar bone!!
It was agreed that new START and FINISH banners should be acquired and that better recognition of the support from NP Aerospace be given.

Delegates Reports: The AGM of the Birmingham & Dist. Cross Country League has recently taken place and full minutes are still awaited. The first fixture for next season will be an all divisions race but the venue has still to be confirmed.

Any Other Business

Ellen Collins had recently had her hip replacement operation which had gone well . She is now progressing well in her recovery.

GH reported from the track maintenance day that the Pole vault landing area is not to standard, as the extensions to the front of the landing area are not of the required length. There is a spare one at Centre AT7 which they wish to clear. Warwick Uni have agreed to collect this and use parts of it to bring the one at the track up to specification.

Date of next Meeting : Tuesday 8th June at 8p.m
